To Whom it May Concern:

Mr. Dean Kraft of 2750 Homcrest Avenue, Brooklyn, New York, has been working with the Foundation for Parasensory Investigation in exploring the scientific parameters of his work in healing.

He has given two weeks of his time, from April 14, 1975 to April 25, 1975, to participate in experiments designed to test the healing hypothesis at several laboratories in California under controlled conditions and supervised by qualified scientists.

It is our hope that Mr. Kraft will continue his work with us so that we may learn more about a gift that can benefit humanity.
