Dear Dean,

I wanted to write to you before, but I just couldn't manage the time. How can I express my gratitude and warm appreciation for your help in improving my clarity of vision and sight? Words are inappropriate but my feelings are not. I hope you get my feelings and understand what I am trying to say.

Please don't misinterpret my not coming to see you at this juncture in time, as a state of displeasure. As I tried to explain by phone, I am terribly limited by my resources and since I experienced the improvement I am hopeful since that

it will continue.

You're a very warm and sensitive human being with a God given gift to heal and help ill people. I do pray that you will be able to continue your work of mercy and help those in need, for many, many years to come.

I extend to you and your lovely wife my warmest best wishes for a Happy Passover.

Warmly
Arthur Laifer
